FREE ECONOMIC ZONE “BĂLȚI” — SUBZONE STRĂȘENI

The Free Economic Zone (FEZ) represents excellent platform for export-oriented manufacturing companies, which benefit of preferential customs and tax regime. FEZ “Bălți” was established in 2010 for a period of 25 years. It administrates 17 subzones with a total area of circa 245 hectares in all 3 Development Regions of the Republic of Moldova, namely in Bălți Municipality (3 subzones – 148.4 ha); Căușeni City (8.5 ha); Cahul Municipality (2 subzones – 40.0 ha); Strășeni Municipality (4 subzones – 40.2 ha); Orhei Municipality (8.0 ha).

BROWNFIELD & GREENFIELD, SUBZONE STRĂȘENI

Subzone Strășeni comprises four delimited areas of three brownfield and a greenfield located in the industrial zone of Strășeni Municipality. The Brownfields represent production and administrative buildings of the former plants. The total available area of the production premises within subzones is 55,000 sqm. The Brownfields are connected to utilities such as natural gas and electricity, having water and sewerage connection points in close proximity. The most important resident of subzone Strășeni is electric cable producer – La Triveneta Cavi Development. The Greenfield subzone is located in 600 m distance to the European route E58 and in immediate proximity to railway route Chisinau – Iași (ROU). The land plot area of 15 hectares is in private ownership and available for rent or sale.

INVESTMENT PROPOSALS

The FEZ is designed as an economic area by the law of the Republic of Moldova to facilitate the economic development by attracting investment capital. For this purpose, special favourable terms, similar to tax and customs facilities have been created. Due to these incentives, as well as to due to the favourable geographic location of Moldova providing an exceptional investment platform with opportunities to export to EU and CIS countries, many foreign manufacturing companies are interested in extending their production capacities in Moldova. It increases the demand for ready-to-use production halls for quick production start, but also demand for development of build-to-suit (BTS) projects. The Greenfield of the Strășeni Subzone is located on 15 hectares which allows implementing the industrial and logistic real estate development projects. The Greenfield is in private ownership and available for rent or sale.
